LRB Number	01-3502/1	Introduction Number	AB-630	Estimate Type	Original		
Subject							
Maximum annuity payments for protective occupation participants under the Wisconsin retirement system							

#### **Assumptions Used in Arriving at Fiscal Estimate**

There are approximately 19,300 protective occupation participants in the Wisconsin Retirement System (WRS). The estimated payroll for 2002 for protective occupation participants covered by social security is \$745.9 million and is \$140.8 million for those not covered by social security. Based upon a 1996 analysis, actuaries retained by the Department of Employee Trust Funds estimate that, as a percentage of payroll, this Bill would increase employer payments to the WRS by .4% for protective occupation participants covered by social security and by .3% for those who are not covered by social security.

Based upon these assumptions, it is estimated that this bill would increase employer payments to the WRS by \$3.4 million annually. Local governments would pay 64%, or \$2.18 million of these costs and the state would pay 36%, or \$1.22 million annually.

#### **Long-Range Fiscal Implications**
